

BRITS FILM PRODUCTIONS

TELLING STORIES....

ABOUT US

Brits Film Productions is a video agency specializing in the integration of digital marketing strategies with cutting-edge digital technology to realize our creative vision. Our core focus is storytelling. We have had the privilege of collaborating with industry leaders, elevating their brands across various mediums, including commercials, music videos, television productions, international documentaries, virtual productions, and live-streamed events. We take pride in offering comprehensive end-to-end solutions for all our clients.

OUR SERVICES

BRITS FILM PRODUCTIONS

Our 100m² film production studio is located in Pretoria South Africa. It provides the perfect environment for any video or photography production.

A sound proof space that boasts a 4m high ceiling and infinity curve walls. Supporting facilities include, make-up/change room, control room, tea and coffee station, ample parking and an outdoor area to enhance the overall experience.

We're thrilled to collaborate with creatives looking for a professional space to bring their visions to life.

VIRTUAL STUDIO

Introducing the cutting-edge Virtual LED Wall at Brits Film Studio - your one-stop destination for creating stunning visual experiences for any project. Our studio boasts a massive 10-meter wide by 3-meter high LED wall, powered by the latest technology to deliver vivid and lifelike imagery.

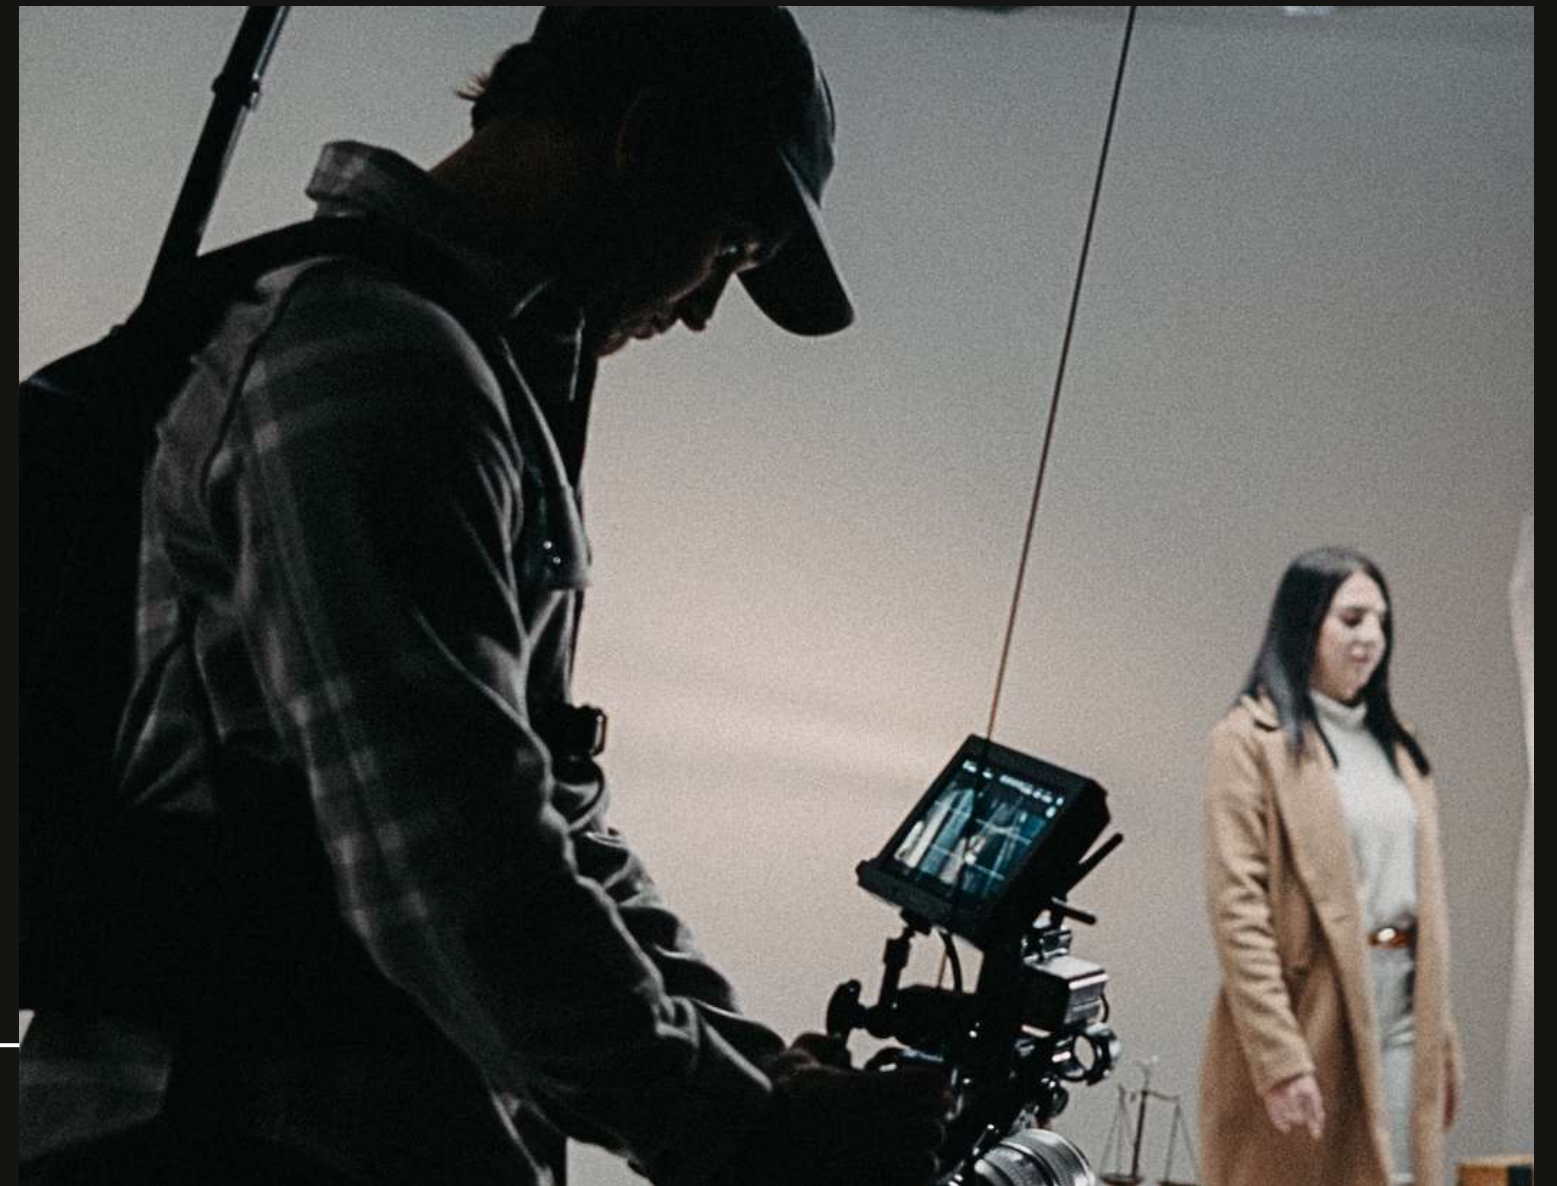

We also use Unreal Engine™ for real-time playback offering limitless possibilities to bring your creative vision to life. Whether you're shooting a commercial, film, or music video our state-of-the-art studio is designed to exceed your expectations.

We take pride in our high-end equipment, using cinema cameras, professional audio, and studio lighting to capture every detail with precision and clarity. Our team of experienced professionals is dedicated to delivering exceptional results, and we work closely with our clients to ensure their vision is brought to life in the most spectacular way possible.
